EDUCATION

Bachelor of Computer Engineering, Computer Science & Engineering   2023 - 2027
Modern Education Society's College Of Engineering

B.E, Computer Science & Engineering   2023 - 2027
Savitribai Phule Pune University

CGPA: 8.33/10

PROJECTS

RateMyResume ↗
Jul 2025 - Aug 2025

Developed a Django-based web app that analyzes resumes using NLP and grammar-checking tools to provide structured feedback and scoring. Implemented section extraction using spaCy and regex. Integrated LanguageTool for grammar detection, used Fitz to extract text from .pdf,.doc files and applied scoring with penalties/bonuses. Built a responsive frontend by integrating Tailwind CSS into Django templates for clean UI/UX.

Portfolio Contact Form ↗
Jun 2025 - Jul 2025

Developed a Flask-based portfolio website with routes for Home, About, and Contact pages, featuring a functional contact form. Implemented backend logic to handle form submissions and integrated flash messages for user feedback. Stored submissions in both CSV and text files for easy record keeping and processing.

Image Editor ↗
Jul 2025 - Aug 2025

Built an interactive Streamlit-based image editing app with real-time preview and intuitive controls for basic transformations. Implemented core editing features including resize, crop, rotate, and flip using modular PIL utilities. Integrated streamlit-drawable-canvas for freehand doodling, enabling users to draw directly on images with live updates. Ensured support for multiple formats (JPG, PNG, BMP) with error handling and verification for smooth user experience.
